

# CureHard 309

## Curing Compound + Densifier + Hardener

*3 in 1 Concrete Solution...*

CureHard309 is a clear, water-based, membrane forming, hardener, densifier, curing compound that meets the criteria for the ASTM C-309, for curing compound moisture retention requirements. CureHard309 is an environmentally friendly compound that contains no solvents and has a VOC content that is compliant in all areas of the United States. A single component material that cures, densifies and hardens at the same time creates a strong and abrasion resistant surface. CureHard309 will stand up to commercial and industrial floors that are looking for long-term protection against moisture, dirt, abuse, and heavy wear.

### Features of CureHard 309:

- **Unique technology** – Cure, Densifies and Hardens in a single application immediately after finish.
- **Ease of application** – Easy 1 step application, and material is a single component and ready to use.
- **Self-dissipating** – Will breakdown in 14--28 days without the need of sunlight also reducing the coats associated with curing compound removal.
- **Enhanced performance** – Minimizes shrinkage, dusting and cracking while also improving resistance to chemicals, oil, salts and abrasion during construction.
- **Dust-free** - water resistant & abrasion resistant.
- **Increase surface hardness** - achieve superior concrete surface strength.

### ENVIRONMENTAL ADVANTAGES

- LEED® Certified - Meets EQ Credit 4.1: Low emitting materials/adhesives & sealants
- Very low VOCs
- Water-based
- Odorless
- Eliminates dusting of concrete surfaces for improved air quality
- Concentrated material means lower application rate, fewer containers, less fuel used in shipping due to lower product weight, reduced shipping costs

EXTERIOR / INTERIOR USE ON NEW OR EXISTING CONCRETE

Warehouses • Manufacturing Facilities • Restaurants • Food Processing Plants • Car Parks • Convention Centers  
Schools • Showrooms • Hospitals • Hotels • Sports & Entertainment Venues • Transportation Terminals • Stations
