

DuraGloss™

Penetrating Lithium Seal Coat

INTERIOR / EXTERIOR USE

DuraGloss™ is a polishable, light-reflective material that provides superior resistance to stains, water, oil, dusting, and abrasion. Available in two formulations, this lithium-based product has a deep, rich sheen that enhances the natural look of concrete and intensifies the color of concrete imprint, coloured-pigmented floor and ceramic tiles. **DuraGloss™ outlasts any other product of its kind** which combined with its aesthetic value makes it an excellent treatment for both industrial and retail applications. When applied to surfaces that have been treated with HardenX™ as recommended, performance of the DuraGloss™ is unmatched in the sealer industry.

Before

DuraGloss 50+™

After

Features of DuraGloss™

- Polishable
- High-gloss or satin sheen
- Light reflective
- Eliminates the need for acrylic sealer or wax
- Reduces downtime and maintenance costs
- Won't peel, flake or turn yellowish
- Increases resistance to stains, water, oil, dusting, and abrasion
- Improve slip-resistance
- Exceeds OSHA and ADA COF

ENVIRONMENTAL ADVANTAGES

- LEED® Certified - Meets EQ Credit 4.1: Low emitting materials/adhesives & sealants
- Odorless
- Reduces dusting of concrete surfaces for improved air quality
- Produces no hazardous waste
- Concentrated material - lower application rate, fewer containers less fuel used in shipping due to lower product weight, reduced shipping costs
